The Western Association of Educational Opportunity Personnel (WESTOP) is one of ten regional associations dedicated to furthering educational opportunities for low income, first generation and students with disabilities. WESTOP is represented by six chapters: Arizona (AZ), Central California (CenCal), Nevada (NV), Northern California (NorCal), Pacific Islands (PIC) and Southern California (SoCal).

<http://www.westop.org>

WESTOP has had a trailblazing legacy of strength, leadership and commitment to represent the concerns and needs of students and educational equity issues in our region. We as AZ professionals continue to do this, that is advocating for educational access, by volunteering our time, experience, expertise, energy and resources. We understand that there is truly strength in numbers and we are committed to serving the AZ Chapter of WESTOP in order to better serve our students.

**2014-15 FY AZ Chapter of WESTOP Executive Board:**

- President: Laura Shepherd (Laura.Shepherd@azwestern.edu)
- President-Elect: Abby Dalpra (Abby.Novak@asu.edu)
- Past President: Valerie Hernandez (Valerie.Hernandez@asu.edu)
- Secretary: Angelica Gebhardt (Angelica.Suarez@azwestern.edu)
- Treasurer: Andre Brown (Andrebrown@asu.edu)

<http://arizonawestop.wix.com/chapter>

Sharing similar purposes and goals, WESTOP has an affiliate membership in the Council for Opportunity in Education.

The Council for Opportunity in Education is a nonprofit organization dedicated to furthering the expansion of college opportunities for low-income, first-generation students and students with disabilities throughout the United States. Its membership includes more than 1,000 colleges and agencies. Through its numerous membership services, the Council works in conjunction with colleges, universities, and agencies that host TRIO programs to specifically help low-income students enter college and graduate. More than 790,000 low-income students and students with disabilities each year receive college access and retention services through our member colleges and agencies.

Federal TRIO Programs (Talent Search, Upward Bound, Upward Bound Math/Science, Veterans Upward Bound, Student Support Services, Educational Opportunity Centers, and the Ronald E. McNair Post-Baccalaureate Achievement Program) help students to overcome class, social, academic, and cultural barriers to higher education.

TRIO services include: assistance in choosing a college; tutoring; personal and financial counseling; career counseling; assistance in applying to college; workplace and college visits; special instruction in reading, writing, study skills, and mathematics; assistance in applying for financial aid; and academic assistance in high school or assistance to reenter high school or college.

## FEDERAL TRIO PROGRAMS

<http://www2.ed.gov/about/offices/list/ope/TRIO/index.html>

The Federal TRIO Programs (TRIO) are Federal outreach and student services programs designed to identify and provide services for individuals from disadvantaged backgrounds. TRIO includes eight programs targeted to serve and assist low-income individuals, first-generation college students, and individuals with disabilities to progress through the academic pipeline from middle school to postbaccalaureate programs. TRIO also includes a training program for directors and staff of TRIO projects.

The recipients of the grants, **depending on the specific program**, are institutions of higher education, public and private agencies and organizations including community-based organizations with experience in serving disadvantaged youth and secondary schools. Combinations of such institutions, agencies, and organizations may also apply for grants. These entities plan, develop and carry out the services for students. While individual students are served by these entities, they may not apply for grants under these programs. Additionally, in order to be served by one of these programs, a student must be eligible to receive services and be accepted into a funded project that serves the institution or school that student is attending or the area in which the student lives.

## HISTORY OF THE FEDERAL TRIO PROGRAMS

The history of TRIO is progressive. It began with **Upward Bound**, which emerged out of the Economic Opportunity Act of 1964 in response to the administration's War on Poverty. In 1965, **Talent Search**, the second outreach program, was created as part of the Higher Education Act. In 1968, **Student Support Services**, which was originally known as Special Services for Disadvantaged Students, was authorized by the Higher Education Amendments and became the third in a series of educational opportunity programs. By the late 1960's, the term "TRIO" was coined to describe these federal programs.

Over the years, the TRIO Programs have been expanded and improved to provide a wider range of services and to reach more students who need assistance. The Higher Education Amendments of 1972 added the fourth program to the TRIO group by authorizing the **Educational Opportunity Centers**. The 1976 Education Amendments authorized the **Training Program for Federal TRIO Programs**, initially known as the Training Program for Special Programs Staff and Leadership Personnel. Amendments in 1986 added the sixth program, the **Ronald E. McNair Postbaccalaureate Achievement Program**. Additionally, in 1990, the Department created the **Upward Bound Math/Science** program to address the need for specific Instruction in the fields of math and science. The Upward Bound Math/Science program is administered under the same regulations as the regular Upward Bound program, but it must be applied for separately, as is the **Veterans Upward Bound**, a program designed specifically for veterans. Finally, the Omnibus Consolidated Appropriations Act of 2001 amended the Student Support Services (SSS) program to permit the use of program funds for direct financial assistance (Grant Aid) for current SSS participants who are receiving Federal Pell Grants.

The legislative requirements for all Federal TRIO Programs can be found in the Higher Education Act of 1965, Title IV, Part A, Subpart 2. The requirements for the SSS Grant Aid can be found in Public Law 106-554.

## **FEDERAL TRIO PROGRAM DESCRIPTIONS**

### *Educational Opportunity Centers (EOC)*

The Educational Opportunity Centers program provides counseling and information on college admissions to qualified adults who want to enter or continue a program of postsecondary education. The program also provides services to improve the financial and economic literacy of participants. An important objective of the program is to counsel participants on financial aid options, including basic financial planning skills, and to assist in the application process. The goal of the EOC program is to increase the number of adult participants who enroll in postsecondary education institutions.

### *Ronald E. McNair Postbaccalaureate Achievement Program (McNAIR)*

Through a grant competition, funds are awarded to institutions of higher education to prepare eligible participants for doctoral studies through involvement in research and other scholarly activities. Participants are from disadvantaged backgrounds and have demonstrated strong academic potential. Institutions work closely with participants as they complete their undergraduate requirements. Institutions encourage participants to enroll in graduate programs and then track their progress through to the successful completion of advanced degrees. The goal is to increase the attainment of Ph.D. degrees by students from underrepresented segments of society.

### *Student Support Services (SSS)*

Through a grant competition, funds are awarded to institutions of higher education to provide opportunities for academic development, assist students with basic college requirements, and to motivate students toward the successful completion of their postsecondary education. Student Support Services projects also may provide grant aid to current SSS participants who are receiving Federal Pell Grants (# 84.063). The goal of SSS is to increase the college retention and graduation rates of its participants.

### *Talent Search (TS)*

The Talent Search program identifies and assists individuals from disadvantaged backgrounds who have the potential to succeed in higher education. The program provides academic, career, and financial counseling to its participants and encourages them to graduate from high school and continue on to and complete their postsecondary education. The program publicizes the availability of financial aid and assist participant with the postsecondary application process. Talent Search also encourages persons who have not completed education programs at the secondary or postsecondary level to enter or reenter and complete postsecondary education. The goal of Talent Search is to increase the number of youth from disadvantaged backgrounds who complete high school and enroll in and complete their postsecondary education.

### *Training Program for Federal TRIO Programs*

Through a grant competition, funds are awarded to institutions of higher education and other public and private nonprofit institutions and organizations to support training to enhance the skills and expertise of project directors and staff employed in the Federal TRIO Programs. Funds may be used for conferences, seminars, internships, workshops, or the publication of manuals. Training topics are based on priorities established by the Secretary of Education and announced in Federal Register notices inviting applications.

### *Upward Bound (UB)*

Upward Bound provides fundamental support to participants in their preparation for college entrance. The program provides opportunities for participants to succeed in their precollege performance and ultimately in their higher education pursuits. Upward Bound serves: high school students from low-income families; and high school students from families in which neither parent holds a bachelor's degree. The goal of Upward Bound is to increase the rate at which participants complete secondary education and enroll in and graduate from institutions of postsecondary education.

### *Upward Bound Math-Science (UBMS)*

The Upward Bound Math and Science program is designed to strengthen the math and science skills of participating students. The goal of the program is to help students recognize and develop their potential to excel in math and science and to encourage them to pursue postsecondary degrees in math and science, and ultimately careers in the math and science profession.

### *Veterans Upward Bound (VUB)*

Veterans Upward Bound is designed to motivate and assist veterans in the development of academic and other requisite skills necessary for acceptance and success in a program of postsecondary education. The program provides assessment and enhancement of basic skills through counseling, mentoring, tutoring and academic instruction in the core subject areas. The primary goal of the program is to increase the rate at which participants enroll in and complete postsecondary education programs.

**Current-Year Low-Income Levels**

<b>Size of Family Unit</b>	<b>48 Contiguous States, D.C., and Outlying</b>	<b>Alaska</b>	<b>Hawaii</b>
<b>1</b>	\$17,655	\$22,080	\$20,325
<b>2</b>	\$23,895	\$29,880	\$27,495
<b>3</b>	\$30,135	\$37,680	\$34,665
<b>4</b>	\$36,375	\$45,480	\$41,835
<b>5</b>	\$42,615	\$53,280	\$49,005
<b>6</b>	\$48,855	\$61,080	\$56,175
<b>7</b>	\$55,095	\$68,880	\$63,345
<b>8</b>	\$61,335	\$76,680	\$70,515

*(Effective January 28, 2015 until further notice)*

For family units with more than eight members, add the following amount for each additional family member: \$6,240 for the 48 contiguous states, the District of Columbia and outlying jurisdictions; \$7,800 for Alaska; and \$7,170 for Hawaii.

The term “low-income individual” means an individual whose family's taxable income for the preceding year did not exceed 150 percent of the poverty level amount.

The figures shown under family income represent amounts equal to 150 percent of the family income levels established by the Census Bureau for determining poverty status. The poverty guidelines were published by the U.S. Department of Health and Human Services in the Federal Register, Vol. 80, No. 14, January 22, 2015, pp. 3236 - 3237.

**“Education is the most powerful  
weapon which you can use to  
change the world.”**

**Nelson Mandela**

# Additional Information

## TRIO STUDENTS NATIONWIDE

Students enrolled in today’s TRIO Programs mirror our nation’s multi-cultural and multiethnic society. Thirty-seven percent of TRIO students are White, 35% are African-American, 19% are Hispanic, 4% are Native American and 4% are Asian- American. Twenty-two thousand TRIO students are disabled.

TRIO college graduates are working in business, industry, government, medicine, law, education, communications, sales, finance, politics, transportation, publishing, law enforcement, computer science and technology, engineering, and accounting.

## RECENT TRIO FUNDING HISTORY AND STUDENTS SERVED IN FEDERAL TRIO PROGRAMS (FY 2005 - FY 2014)

Fiscal Year	Appropriation <sup>1</sup>	TRIO Grant Competition	Students Served	Students Lost
2005	\$836.5 million	None	877,777	N/A
2006	\$828.2 million	Talent Search and Educational Opportunity Centers	872,361	5,416
2007	\$828.2 million	Upward Bound, Upward Bound Math Science, Veterans Upward Bound and McNair Postbaccalaureate Achievement	844,889	27,472
2008	\$885.2 million (\$828.2 million discretionary)	None	838,591	6,289
2009	\$905.1 million (\$848.1 million discretionary)	None <sup>2</sup>	836,395	2,195
2010	\$910.1 million (\$853.1 million discretionary)	Student Support Services	840,863	+4,468 <sup>3</sup>
2011	\$883.5 million (\$826.5 million discretionary)	Talent Search and Educational Opportunity Centers	797,248	43,615
2012	\$839.9 million	Upward Bound, Upward Bound Math Science, Veterans Upward Bound and McNair Postbaccalaureate Achievement	789,676	7,572
2013	\$795.9 million	None	758,352	31,324
2014	\$828.6 million	None	785,323	+26,971
2015	TBD	Student Support Services	TBD	TBD
<b>Net Student Loss Between FY 2005 - FY 2014</b>				<b>92,444</b>

<sup>1</sup> This chart reflects the discretionary appropriation as well as the \$57 million in mandatory funding provided for the Upward Bound program by the College Cost Reduction and Access Act for Fiscal Years 2008, 2009, 2010 and 2011.

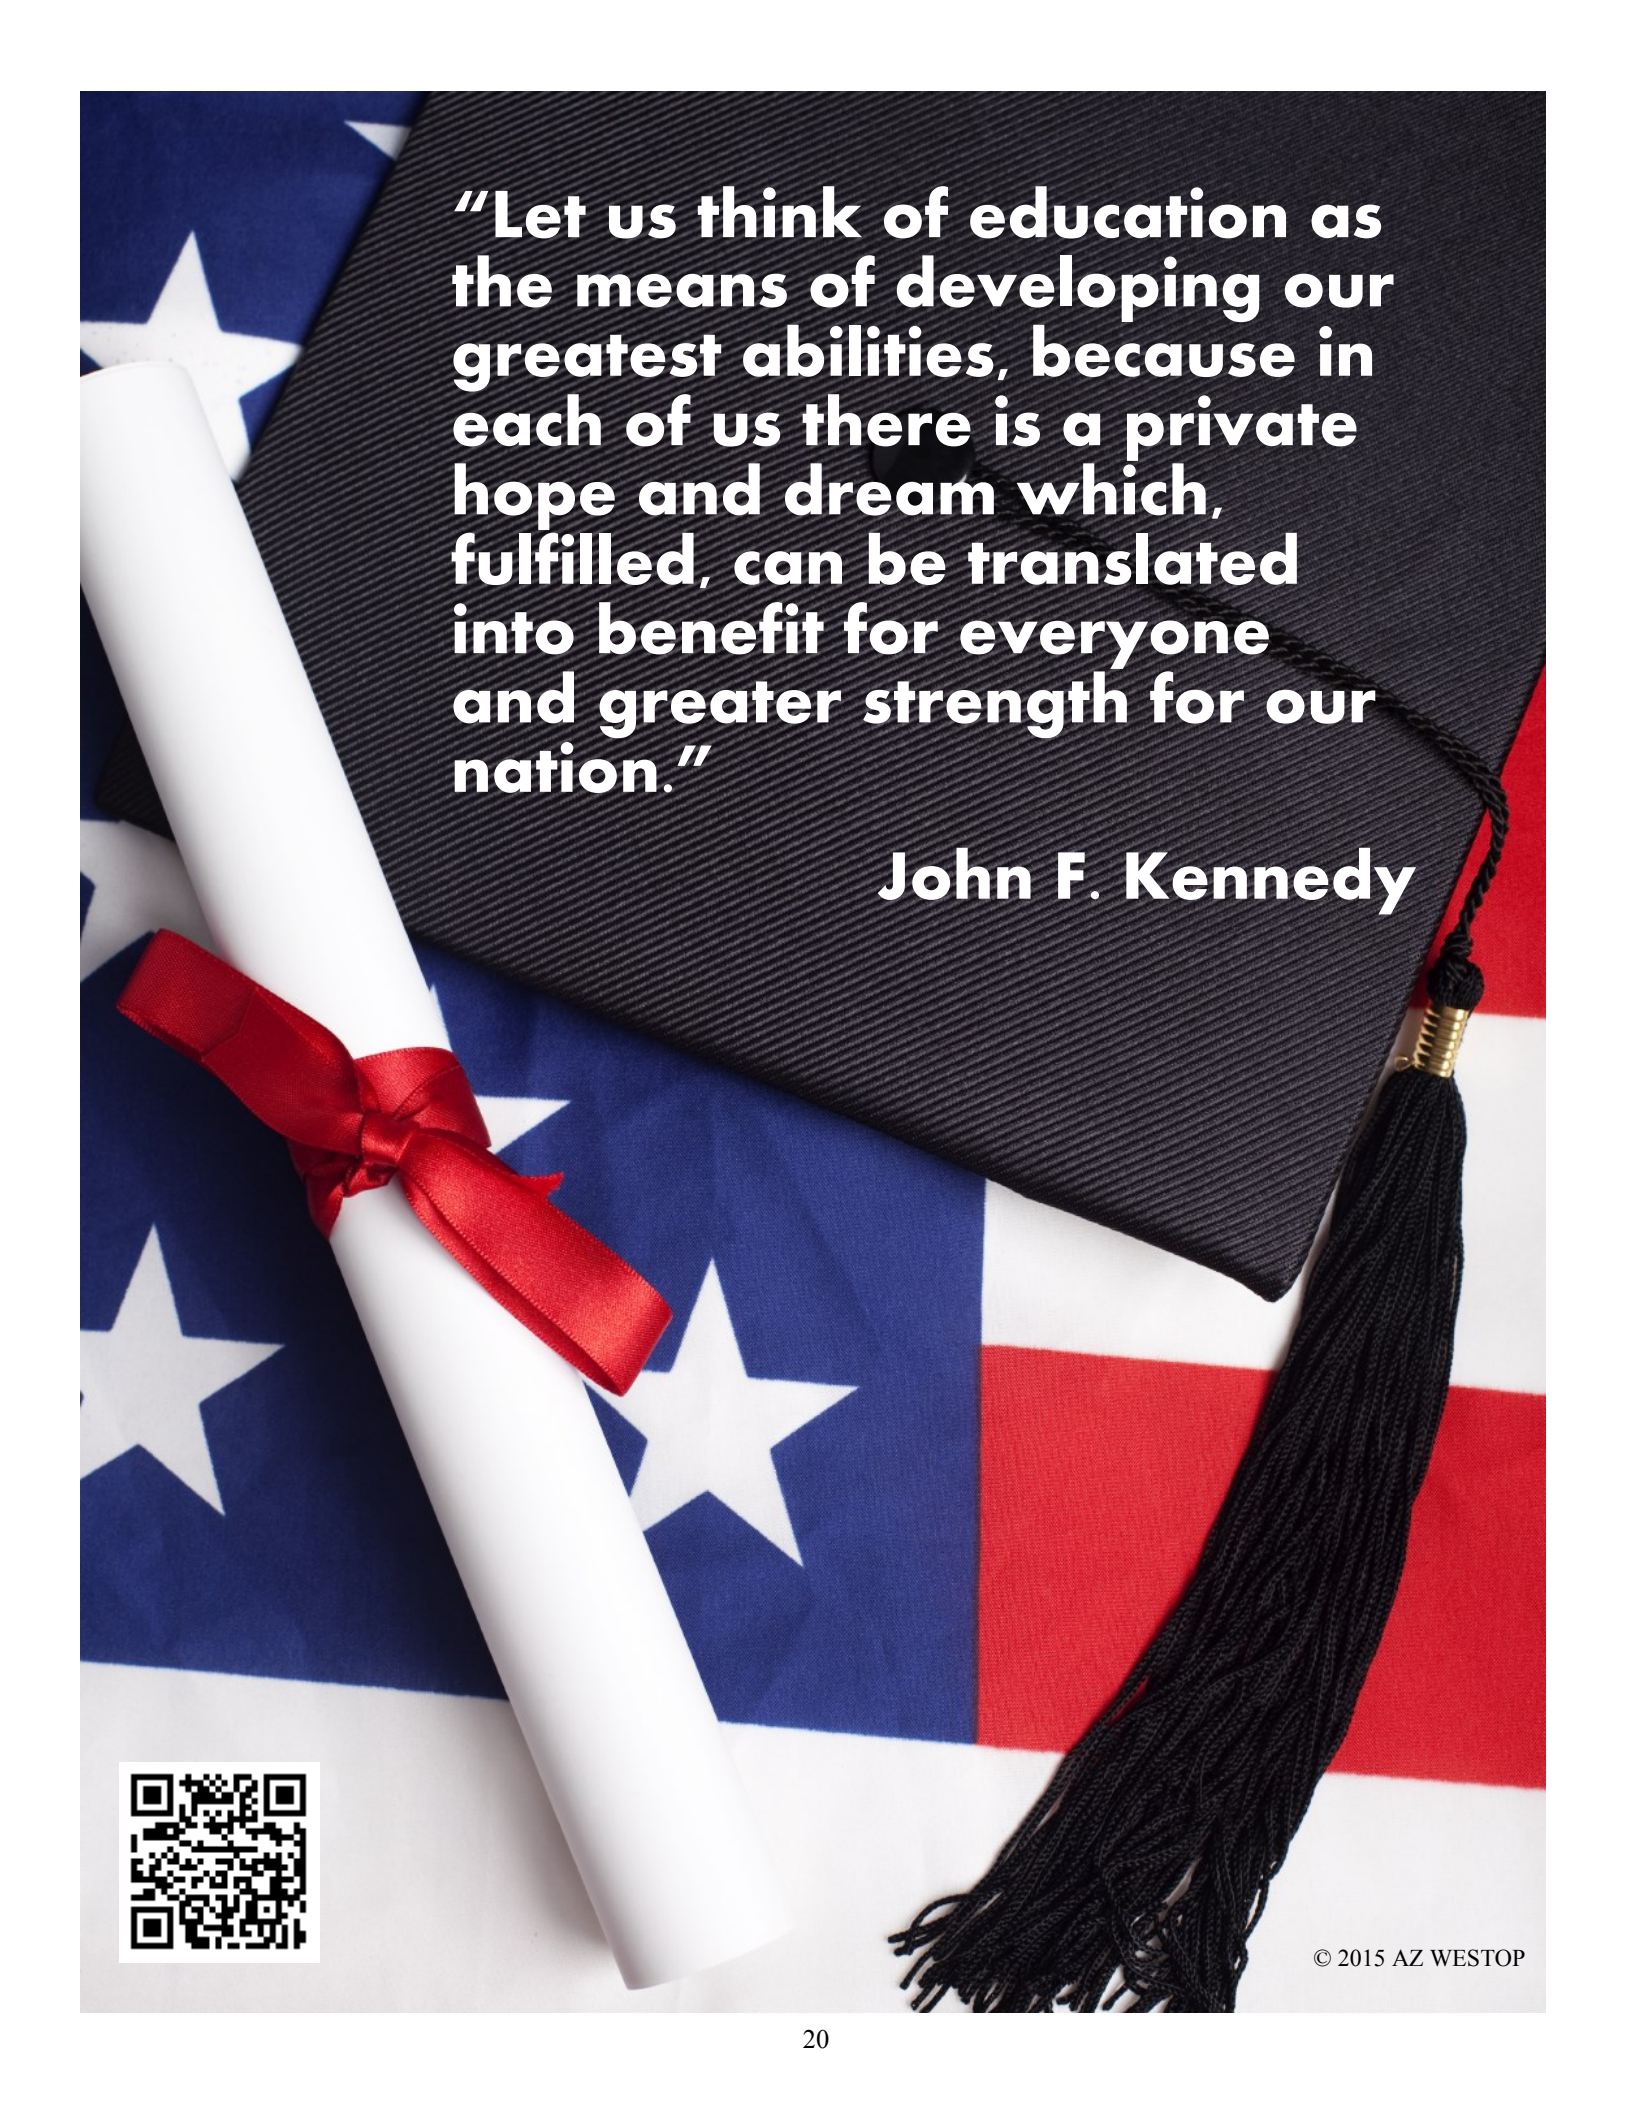

<sup>2</sup> In FY 2009, the Department of education delayed the scheduled competition for Student Support Services in order to craft new regulations in accordance with the recent reauthorization of the Higher Education Act.

<sup>3</sup> The rise in students in FY 2010 resulted from the fact that in FY 2009, the Department of education directed that the \$19.9 million increase in TRIO funding be used solely for supplemental financial aid in the Student Support Services program. During the subsequent year (FY 2010) the Department did not impose such a restriction. Therefore, funds that were previously available for financial aid awards could now be directed to program costs and services. Despite the increase of 4,468 students, approximately 21,000 students lost access to the Student Support Services program as the grants at their host institutions were not renewed.
